

# ***PORTABLE POWER.***

---

**No Noise, No Fuel, No Fumes.**

Godman GRID™ is manufactured in the USA by Godman Power Group, Inc.  
USA Headquarters: 6564 Loisdale Ct., Suite 600, Springfield, VA 22150  
Sales and Support: +1-888-519-9266 | [info@godmanpower.com](mailto:info@godmanpower.com)

Godman Power Group, Inc.

**Access to power**  
**wherever you need it,**  
**however you need it,**  
**with the Godman GRID™**

# ***WHAT IS THE GODMAN GRID™?***

The Godman GRID™ creates clean, quiet energy via solar panels, wind and water turbines, or by plugging directly into an existing grid and storing electricity in a maintenance-free, long life, deep-cycle AGM battery.

# **WHY CHOOSE THE GODMAN GRID™?**

- Manufactured by Godman in the USA with American made components for over 10 years.
- Quiet, clean, with battery storage.
- Made for rugged use.
- Portable, and power is available instantly, with 3.5 kilowatts.
- Steel enclosure, powder coated finish.
- Additional colors, and non-reflective surface, handles, and ruggedized wheels available.
- Additional Model 240 is available for water pumps (up to .75 hp).
- Patented and Award-winning product of FEMA.
- Comes fully charged, with all components, two solar panels, hinged and pre-wired, detachable cable.

# *We are committed to* **RESILIENCE & CLEAN POWER**

Built for rugged use, and capable of running high-amp equipment.  
No sparks or danger of brush fires.

# PRODUCT SPECIFICATIONS

Rugged Unit Construction: Steel chassis, rugged handles, easy-roll wheels

Charged Unit: has 3.5 kilowatts (10-kilowatt surge)

Voltage and Hz: 110, 220, or 240 VAC; 50 Hz or 60 Hz

Outlets: Universal Outlets

Unit Size: 28" x 15" x 30" Weight: 260 pounds

Solar Panels: Two 175-Watts (26"x 59", 17 lbs. each) hinged, stand-alone panels, cable

Battery: 245Ah, 12VDC maintenance-free, long life, deep-cycle AGM battery

Energy Output Inverter: 3.5kWh (10kWh surge)inverter

Complete Digital solar charge controller

Pure Sine System

Pre-wired auxiliary portal for additional panels, optional micro wind, or water turbine

Can be charged in a regular wall outlet

Also available: additional solar panels, panel racks, additional cable, cable links, and microwind for the Godman GRID™

Microwind for the Godman GRID™ comes with cable, plugs directly into GRID

# POWER TO SAVE LIVES

---

Energy availability is often vital in effectively aiding emergency situations. The Godman GRID™ is built to withstand the toughest conditions and ensure power is ready for those who need it most.

**Need more power?  
Easily link two or  
more Godman  
Grids™ together!**
